

## BY-LAWS

### 1. REGISTRATION OF PLAYERS

1.1 Each child must have a parent/guardian who is a financial member of the Penrith R.S.L. Club Limited.

1.2 The Constitution of the Penrith R.S.L. Club Limited Junior Cricket Club (Club) requires that the registration fee must be paid before a player can participate in a match, unless special dispensation has been granted by the Management Committee of the Club.

a. No registration fee shall be payable for the child or children of a Life Member of the Club.

1.3 The Management Committee has determined that the following rules regarding the formation of teams shall apply:

a. First priority shall be given to children who register on official registration days and who played for the Club in the previous season and to the children of coaches and managers who register on the official days;

b. Second priority shall be given to other children who register on official days;

c. Third priority shall be given to those children who played for the Club during the previous season, but who register after the official days;

d. Fourth priority shall be given to any other children who register after the official days.

## 2. GRADING OF TEAMS

2.1 When more than one team is entered into the same age group, the teams shall be identified by colours such as 'Blue', 'Gold', 'White', etc. and not as Team 1, Team 2.

2.2 When more than one team is entered into an age group, players shall continue to play with the team in which they were registered in the previous season unless a request to the contrary is received from the player's parent. It is not the Club's policy to re-select such teams at the start of each new season. We are hopeful that the players will give loyalty to our Club and therefore the Club must give loyalty to the players.

2.3 When more than one team is being entered into an age group for the first time, then selection trials may be held to separate the teams. In such cases, the coaches and managers involved will attempt to balance the standard of their teams as much as possible having regard for the relative ability and experience of the players being trialled.

2.4 When more than one team is entered in an age group and each team has places available, then the coaches and managers involved may, if they wish, conduct selection trials to fill those places PROVIDED that By-Laws 1.3 and 2.2 are complied with at all times, and that the new players are allocated to their team on the basis of the vacancy in that team. The team in the higher division does not automatically get all the better new players.

## 3. RECRUITING OF PLAYERS

3.1 Penrith R.S.L. Club Limited Junior Cricket Club does not condone the recruiting of players from other clubs to join our Club in order to strengthen a team. Our Club will rely solely on our good name and reputation within the Penrith District to attract players to our Club should they choose to change clubs. We do not like to lose players to other clubs and do not need to seek players from other clubs.

3.2 Coaches are required to be loyal to their players from the previous season and to give those players preference over players joining us from another club. Our Club will not approve of a player being omitted from a team to make way for a new, although perhaps better, player from another club.

## 4. TEAM SELECTION

4.1 The aim of our Club, as stated in the Constitution, is to foster the game of cricket. It is a principle of Penrith R.S.L. Club Limited Junior Cricket Club that we provide the maximum possible participation to all players at all times. This

applies both to training sessions and to matches. Each team will have some players who are not as proficient as other players. It is the responsibility of each coach to try to improve, as much as possible, the standard of these players by giving them the maximum opportunity both at training and in matches.

4.2 Each coach shall strive to provide all of his/her players with an equal opportunity to play in matches. This can be achieved by:

- a. a roster system that provides for all players to be rostered to stand down in matches equally, or
- b. selecting a squad of three or four players who will play in all matches and standing down the remaining players equally.

No matter which method is used, no player should be stood down for more than one match until all other eligible players have also been stood down for a match. The only variation to this principle that should be made is where a player may be stood down for disciplinary reasons, i.e., misbehaviour at training etc. Coaches must ensure that the parents are made aware of the selection system that is adopted, prior to the start of the season and must also ensure that they adhere to that system.

## 5. TROPHIES
